PROFESSIONAL OBJECTIVE

Seeking a challenging position in the IT project implementation and development field that will utilise my skills and experience.

I'm dedicated to building mission-critical applications that exceed client expectations. Base on experience, and methodologies I'm able to achieve a level of client focus and flexibility that is simply unmatched in the industry. I provide true end-to-end business transformations, while also recognizing the importance of knowledge transfer, client development and internal growth. That is why I can offer a tailored approach from a resource, cost, and delivery perspective that is unique in the marketplace and responsive to your key business requirements.

SUMMARY OF QUALIFICATIONS

- 20 years experience in IT: Database Programming (12 yrs), User support (10 yrs), Personnel Training (9 yrs), Network Administration (5 yrs)
- Strong experience in designing and developing of complex database application (MS ACCESS, PARADOX, FoxPro, Informix 4GL, MSSQL, MySql, ORACLE)
- Extensive working knowledge of ABAP/4 workbench, Cross Interfaces, ALE, IDocs, Reports, Module Pool Programming, Data Dictionary, Interfaces(BDCs), SAP scripts and Smart Forms
- Excellent user support for MS Office 2003/2007/2010, network administration, MS Project,
- Strong analytical and problem solving, very good communication skills, team player
- Excellent customer-facing, organisational and team management skills

Experience in designing and developing complex website using Node, React, Next, PHP, MySQL, HTML5, CSS, CSS3, JavaScript

TECHNICAL SKILLS FROM EXPERIENCE

- **Programming Languages**:
  ASM, Basic, C, C++,C#, Cobol, Fortran, Java, Macro Assembler, Pascal, Perl, PL-SQL, Unix Shell Languages, Visual Basic, VBA, Visual C++, Windows Scripting ABAP/4, SAP Script, BAPI, IDocs, ABAP OOP.LSMW
- **Web Technologies**:
  Node, Express, Reactjs, Nextjs,Vue, Angular, Apache, CGI, Cold Fusion, CSS, DHTML, Delphi, E-Commerce Platforms, HTML,XHTML, Java, JavaScript, Java Beans, JBuilder, JSP, Jquery, ,PHP, Visual InterDev, Web Servers, XML, WML, XSL, J2EE, Drupal, Wordpress
- **Databases**:
  ADO, Dbase, DAO, FoxPro, IBM DB2, Informix, MS Access, MS SQL-Server, MySql,,Maria Db, Mongo DB, Firebase, ODBC, Paradox, Progress, Database Administrator, Oracle 9i
- **Graphics**:
  Adobe Illustrator, Adobe Photoshop, Adobe InDesign, CorelDraw, FrontPage, Macromedia Director, Macromedia Flash, Macromedia Dreamweaver, Macromedia Shockwave, Microsoft Publisher, Web Design Software, AutoCAD, AutoCAD Inventor
- **Multimedia**:
  Figma, Alias Wavefront, Adobe Premiere, Audio Software, Corel Xara3D, Corel Presentations, Microsoft PowerPoint

- **Administration**:
  DOS, Linux, UNIX/derivates, Windows9x, Windows CE, Windows NT4/2000/XP/VISTA/7/8/10/11, Windows Server 2003/2008/2012/2016 Databases Interfaces, Firewall, Frame Relay, Internet Interfaces, Internet Protocols, LAN/WAN, MS Exchange, NetWare, Network Management Tools, Routing protocols, Security, SMS, System Administration, TCP/IP
- **Managerial skills:**
  Subordinates: 25-500
  Managed budget: 50000 – 5.300.000 euro
